Have you registered yet for this year's FGS Conference? Join us for "***Pathways to the Heartland***" 7 – 10 September 2011 in Springfield, Illinois with the Conference local host the Illinois State Genealogical Society. The early bird registration deadline is **1 July 2011** for those wishing to take advantage of a registration discount. The most convenient means of registration is via the FGS 2011 Conference web site at <http://www.fgs.org/2011conference/>.

The Program committee has assembled an exciting lineup of speakers for this year's conference with topics of interest for genealogists and family historians at every level—from beginner to professional. The FGS 2011 Conference website contains complete information on the lectures and speakers for this year's conference.

### Focus on Societies

We believe that the Focus on Societies program is filled with invaluable information and will provide opportunities for multi-directional communications between FGS, its Member Societies, and one another.

This year's Focus on Societies program begins with "***How Will Our Society Survive? Do We Alter, Mutate, Modify, Shift or Switch?***" presented by David Rencher, Chief Genealogical Officer for [FamilySearch](#), who will discuss the challenges and opportunities that genealogical and historical societies face. The day continues with the popular ***Delegate 101*** panel discussion with FGS officers and board members, followed with 27 sessions that address: society organization; recruiting and working with volunteers; developing educational programs; organizing and managing projects; financial considerations and fundraising; outreach to the community and the world; using technology; publishing in both print and electronic formats; and preservation. There also are brainstorming sessions and focus group discussions planned.

We'll break for a great luncheon at which people can network with one another. We'll also hold a short ***FGS Business Meeting***, and enjoy a presentation by Ransom Love, Senior Vice President of [FamilySearch](#), entitled "***Community Connection: Why Record Custodians Need to Be Working on a Global Basis.***" There will also be time for attendees to share news and brag about their societies in a "***Shout Out!***"

### Librarians' Day

The annual Librarians' Day will be held on Tuesday 6 September 2011 and is sponsored by [ProQuest](#). Tickets are \$10 (includes sessions and lunch). Designed for librarians, archivists, and other information professionals serving family history researchers, this year's Librarians' Day features an exciting lineup:
